Inclusion of Bethamangala in the K.G.F. water works special area.

General and Revenue Secretariat — File No. 64 of 1931. [App. F. III—2

Serial No.	
1	From the Rev. Commr in Mysore. No C 633/31-32 Dt 1.3.32. Recommends in the circs stated, that Bethamangala village, Bowringpet Taluk may be included in the Special Sanitary area of the K.G.F. water works.

The special area referred to in the bnd is said to comprise 24 villages on either side of the Palar river feeding the Nolali & Bethamangala tanks which supply water to the Gold fields. This area is independent of the K.G.F. Sanitary Bd, & was formed to ensure proper sanitation of the catchment area & to prevent possibility of contamination of water in the Bethamangala Tank. The idea of constituting the above villages into a spl area is contained on page 3 of the printed responsibility sheet-re questions referred to in the Notes of Inspection of the K.G.F. by the 2nd Member of Council in March. It is stated on page 9 of the Notes of Inspn, that the proposal was contained in P.W. file 1395. This may be sent to the P.W. Secrt for putting up the file leading to the G.O. constituting the above special area.

It is not clear what is meant by "excluding the village in the area excluding the Village Panchayet. The P.W. file may perhaps throw some light in the matter as to how the other villages referred to have been included in the area.

OFFICE OF THE REVENUE COMMISSIONER,
IN MYSORE.

No. C.1033/31-32. Encl

Dated, Bangalore, 31st March 1932.

FROM

S.P. Rajagopalachari, Esq., B.A., B.L.,
Revenue Commissioner in Mysore.

To

Rajasevaparayana
B. Srinivasa Iyengar, Esq., B.A., B.L.,
Financial
Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.

SIR,

I have the honour to forward herewith copies of letters Nos.A.1-C.2104/30-31 dated 5th September 1931 and A.1-C.479/31-32 dated 18th December 1931, received from the Deputy Commissioner, Kolar District, proposing the inclusion of Bethamangala village, Bowringpet Talu in the special Sanitary area of Kolar Gold Fields Water Works and to state as follows:--

2. The Kolar Gold Fields Water Committee having resolved at their meeting dated 24th February 1931 that the village of Bethamangala be included in the special Sanitary area of the Water Works, the Superintendent, Kolar Gold Fields Water Supply, addressed the Deputy Commissioner, Kolar in the matter. The Bethamangala Village Panchayet which was consulted thereon has resolved however against the proposal, on the ground that the Panchayet has been attending properly to the sanitation of the village all along. The Superintendent, Kolar Gold Fields Water Supply, Bethamangala has however assured that this proposed inclusion would not affect the jurisdiction of the Village Panchayet or its collection of taxes, but that greater attention would be paid to the conservancy and sanitation of the village, including the prevention of epidemics. A further enquiry was also made from this office as to whether any contribution from the funds of the Village Panchayet would have to be paid for the additional work that would be attended to by the Water Works Authorities. The Deputy Commissioner has explained that this special Sanitary area is in connection with the Kolar Gold Fields Water Works and that the additional arrangements are

paid from the Water Works Budget, and that the proposal is, not for the inclusion of the Panchayet in the Sanitary Board area but for the inclusion of the Bethamangala village into the Special Sanitary area of the Kolar Gold Fields Water Works.

3. In these circumstances the Deputy Commissioner recommends the inclusion accordingly, as it would be to the benefit of the village and its inhabitants, and also to the advantage of the Kolar Gold Fields population.

4. As the Village Panchayet would lose nothing by the proposed inclusion of the village in the Special Sanitary Water Work area but stands to gain thereby from the point of view of the Sanitation and of prevention of epidemics and possibilities of contamination of drinking Water Supply, in the area, I agree with the Deputy Commissioner and request that sanction of Government may be obtained to the proposed inclusion.

5. The enclosures received with the Deputy Commissioner's letter accompany for reference.

I have the honour to be,

S i r,

Your most obedient servant,

Revenue Commissioner.

Letter No.A.1-C.2104/30-31 dated 5th September 1931, from the Deputy Commissioner, Kolar District, to the Revenue Commissioner in Mysore.

Subject:-- Inclusion of Bethamangala village into the Special Sanitary area of Kolar Gold Fields Water Works.

I have the honour to forward herewith the file of correspondence ending with letter No.162 dated 27th August 1931, from the Superintendent, Kolar Gold Fields Water Supply, Bethamangala, on the above subject and to state as follows:--

In accordance with the resolution No.6(a) of the Water Committee meeting dated 24th February 1931 the Superintendent, Bethamangala Water Works, recommended in his No.659 dated 15th May 1931, the inclusion of Bethamangala village into the Special area with a view to prevent the possibilities of contamination of drinking water supplied to the Kolar Gold Fields and also to prevent epidemices in the village. The question having been referred to the Village Panchayet for a resolution, the Village Panchayet has resolved on 9th June 1931 to request Government not to include the village in the Special Sanitary area. The Sub Division Officer, Kolar in his No.R.3-C.1639/30-31 dated 20th June 1931 recommended the inclusion agreeing with the Assistant Engineer in charge of Bethamangala Water Works.

The Superintendent further states in his No.162/27-8-31 that the jurisdiction of the Village Panchayet over the village will not undergo any change and the collection of taxes will continue to be attended to by the Panchayet as before and that the Special Sanitary staff will in addition take all the necessary measures for the conservancy and sanitation of the village including the prevention of epidemics. An extract from the resolution of the water Committee meeting held on 19th August 1931 in this respect is appended to the letter No.162 dated 27th August 1931 from the Superintendent.

In these circumstances, I recommend that Bethamangala village may also be included in the Special Sanitary area comprising the 24 villages on either side of the Palar River as it would be to the benefit of the village and its inhabitants and also to the advanta
